The Ghosts & Goblins Rally is a straight-forward rally (no traps or tricks) using an instruction format. There will also be an observation component to this rally.

There will be a small amount of time spent on unpaved roads, but none that are “car-breakers”. The entire rally is less than 75 miles, and will take less than 3 hours to complete. It will run in any weather.

This rally is intended to be for entertainment only – bring the kids along to share in the fun. There will be an awards ceremony immediately following the rally, which will end at a restaurant within 10 minutes of the Albany area. We hope you all stay for a bite to eat and some socializing.
